

THE WOUNDED BIRD FLUTTERS.

Sheeting Sale.

The Sale proves a failure to them, the same as the Fan sale did, also the Waterproof sale.

On reading over their advertisement last evening, I noticed that that there was not a word of truth in the entire production, consequently I merely give it passing notice. The boys will get all they want of the sheeting trade before they get through, (and don't you forget it. This sentence I borrowed from Brother Foote for a few days on probation. M. C. SMITH.

P.S. If I had got routed horse, foot and dragoon, on a Fan Sale, over a year since, I think I would not allude to it at this late day. M. C. SMITH.

THE SHEETING SALE

The ladies of Christ church and society give notice that the fourth of the series of their popular socials will be given in Apollo hall on to-morrow (Tuesday) evening.

We hear rumors of a little stabbing affair which occurred on West Milwaukee street at an early hour on Saturday night; but the parties concerned are determined to keep it to themselves.

The young hunters in this city, lost no time yesterday, in taking to the woods to get the first chance at the rabbit that might first venture out of its burrow and leave its tracks on the light fall of the "beautiful." Some of the boys were rewarded by a good load of the long-eared rodents.

The "beautiful" has been lying in limited quantities pretty much all day, the thermometer in the early part of the day, lingered around the zero point, but later went up and at one o'clock rested at 12 above. A strong south wind has prevailed all day making it very unpleasant out of doors.

Only one tramp was run in yesterday. There are no thirteen prisoners confined in the county jail, which is a very small number considering the time of year, and the people of Rock county may feel thankful that the tramps are seeking winter quarters in other parts.

Many in Janesville will be sadly surprised to learn of the death of Mrs. Lehan, formerly Miss Hannah Connors. Messrs. McKee & Stevens commenced assorting tobacco at their warehouse on Bluff street this morning, employing about thirty hands. This firm has one of the largest and best arranged warehouses in the state, and when in full operation will handle as much tobacco as any. Tobacco growers should visit this warehouse and learn something regarding the handling of the weed.

There was a splendid audience at the Myers opera house on Saturday evening to see the "Tonists." The play was very much the same as that given last season. If there was any difference it was in favor of the former troupe. The singing and the specialties were hardly up to the former standard of excellence. Probably this is owing to the fact that jokes and musical absurdities lose much of their interest when repeated.

In the circuit court this morning was spent in arguments to the court in the case of Sylvester Morgan as administrator of the estate of C. C. Bolden, vs. Mrs. Lucy Bartholomew. APPLY INTO NOTHING WITH THE FINGER. The restoration to health of our child was considered uncertain. When two weeks old a coughing cold, that continued for months, became a chronic cough. Upon using Ely's Cream Balm her difficulty was removed; she breathed naturally.

Eminent Medical Testimony.

19 East 32nd street, New York, March 15th, 1893. I have used A. L. Lock's Pore Plaster in my practice with remarkable success, and found them peculiarly efficacious when applied to the back for weak spine and nervous exhaustion; they afford almost instant relief in coughs, colds and liver complaint. I cordially recommend them as the best and safest plaster ever made, and would caution the public against the numerous other so-called pore plasters that are sought to be palmed off on a credulous public; they are worthless and sometimes dangerous.

Comment with Pearls.

A month gemmed with pearls shines radiance every time it opens. The contrast between the ruby of lovely lips and the pearls that they enfolded has winged the fancy of many a poet. Sozopore, fairy ointment, is the thing that most contributes to adorn the feminine mouth. It is pure, it is aromatic, it retains the natural color of teeth incriminated with yellow tartar. No gritty or other objectionable ingredient contaminates it, its odor is balmy, and its purifying operation thorough.
